“Today we cannot be satisfied with being aware of the problems faced by many of our brothers and sisters...because poverty has a face! It has the face of a child; it has the face of a family...”

A Christian exploration and call to action on a real threat to family life in Yorkshire today

Over half of families living in poverty have at least one person in work

In a class of 30 the odds are that 9 children will be living in poverty

Didn't Jesus say the poor would always be with us?

One month's notice – could you find somewhere else to live in that time?

It's down to Government policy – what can we do?

Could you really survive on Benefit Street?

A lively event of working mainly in small groups with some short videos & presentations.

Refreshments provided. If possible, please bring some (finger) food to share at lunchtime

This event is FREE to attend, though a collection will be taken.

There is a separate programme for young people aged 7-12 and a creche for children of 6 and under (FREE). Limited places are available

Registration for the event is essential- see our website
