You are invited...

...to the **Leeds Citizens Accountability Assembly** on **Thursday 19th April 2018**. Hundreds of people from diverse communities across Leeds will gather at one of Leeds' most iconic venues for the cause of social justice and the common good.

Over the last 18 months, we have used **Community Organising** to listen, build relationships, identify injustices and campaign to address some of the big local and citywide problems facing people in Leeds.

The event will be a public celebration of the communities and civil society organisations who have brought together people of all ages and backgrounds in this important work.

We will listen to stories from Leeds residents and seek support from civic and business leaders to improve **mental health** services, create work experience opportunities for **young people** and guarantee the real **Living Wage** for workers who keep our city moving.

We look forward to welcoming you and a delegation from your community on Thursday 19th April.

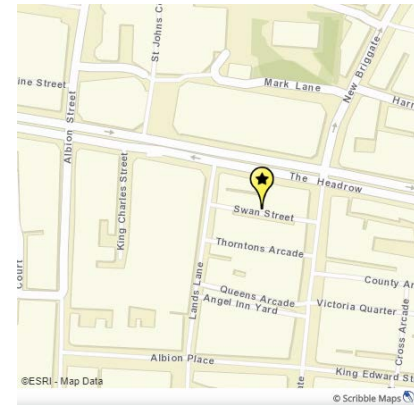

Please register online via **Eventbrite: <http://bit.ly/2CEshUg>**

John Battle (Leeds Diocesan Justice & Peace Commission)

Jill Mann (Together for Peace)

The Rt Revd Paul Slater, Bishop of Richmond
(Area Bishop for The City of Leeds)
